

VILLA CALA BIANCA

Feel the beauty

CASSIS, SOUTH OF FRANCE

«Whoever has seen Paris and not Cassis,
has seen nothing»

Frédéric Mistral (1830 - 1914)

THE MEDITERRANEAN UNVEILED

A 30-minute drive from the bustling Marseille, Cassis is a hidden gem nestled in a limestone shelter so typical of the surrounding infamous *Calanques*, whose authenticity and beauty have been carefully preserved.

Wander in a typical *Provençal* fishing village right by the seaside, halfway between Marseille and Saint-Tropez.

As you look around, no one's in sight but the *Calanques*, their shades of blue and the islands rising up from the Mediterranean. An invitation to feel the beauty.

Marvel at the immaculate natural coves and pristine waters dotting the rugged and unspoilt coastline that stretches for over 20km from Cassis.

THE VILLA

Villa Cala Bianca is just a few minutes walk from the port of Cassis, tucked away behind Les Roches Blanches, a legendary 1920s resort that has been completely restyled into a luxury hotel.

While granting private access to the facilities of the hotel, Villa Cala Bianca offers its guests the comfort and independence of a private property combined with 5-star hotel services.

With the *Cap Canaille* and the endless Mediterranean Sea as the only horizon, this new property combines luxury and elegance to the utmost.

ON THE EDGE

Spread on four levels, Villa Cala Bianca's architecture blends in with the rock against which it was built.

The Villa's outdoor spaces have been designed as an invitation to relax and experience South of France's *art de vivre* at its finest: they are a tribute to the Mediterranean gardens plunging into the sea.

Laze by one of Cala Bianca's two private heated swimming pools. Dive in that which was carved out of the rock right by the sea, unless you prefer to go for a few laps in the upper pool right next to the outdoor summer lounges.

The contemporary interiors of the Villa, on their hand, embrace simplicity and minimalist elegance while showcasing the most noble local materials.

With its four bedrooms, all conceived as private suites, the Villa can accommodate up to 8 people.
